HOW TO CONNECT:
Qlink software will display:
Type commands to modem, then
press F1 when connection is made.
Press F1 and enjoy!

IRC ON Q-LINK Reloaded:
Quantum Link reloaded has integration with
irc.newnet.net, which means you can chat with the
#c64friends group through the people connection on Q-Link.
When in people connection, hit F7 for the menu.
Scroll down to Change room, then F1 to select.
Go to public room, then F1 to select. Type in the room name:
irc c64friends
And you will be connected with the C=64 community on irc!
